

POSITION POSTING – Alternative Data Scout

Location: China

This is a unique opportunity for a fluent speaker of Mandarin, Korean, and English to join a high-profile backed Fintech firm. Part of a small, dynamic, and fast-paced team, you will be based in mainland China working closely with the London team. Applicants should be available immediately or ASAP. Please submit your CV and cover letter explaining your interest in alternative data.

COMPANY

Headquartered in London, with offices in NYC and Shanghai, FinTech firm Neudata is the only objective and neutral data scouting service that is dedicated to finding alpha-generating data for investment managers. In just four years, Neudata has grown to be the number one provider of data scouting services to investors globally and is now gearing up to continue its rapid growth by launching new products, and entering new market segments and verticals. Neudata's Software as a Service (SaaS) catalogue of 5000+ dataset reports provide tools for users to easily search, source, compare and manage the best global alternative data providers, while leveraging real-time insights from its team of expert research analysts based in London, New York and Shanghai.

JOB DESCRIPTION

The work involves research into companies that produce alternative data and datasets. The analyst will conduct research calls with data providers and produce research reports for our data solutions and services. This is an opportunity to become a key team member at our firm.

ROLE RESPONSIBILITIES

- Conducting phone and in-person research calls with data and analytics providers
- Must be fluent in Mandarin, and English
- The ability to conduct research in Korean is highly preferred
- Writing research reports
- Responding promptly to client research requests
- Scheduling meetings and liaising with multiple external partners and firms
- Updating information and research on existing datasets
- The role is primarily of a qualitative rather than quantitative nature

This job requires a thoughtful, organized and entrepreneurial professional to think creatively about the best ways to develop our service and grow our business. More than specific skills, we want to add someone to our team who has good common sense, energy, and a natural desire to learn and make a difference amongst a team of seasoned and open-minded professionals. Independent, open, reliable, our recruit will be able to tailor the extent of the job in line with their capacities and analytical/creative energy.

KEY QUALITIES

- Fluent Chinese (and ideally fluent Korean), with excellent spoken and written English, in order to write reports and produce content in English
- 2-3 years of work experience in the financial service industry is preferred, ideally with a background in alternative data research or analysis
- Rigor and a strong work ethic with attention to detail
- Strong organizational and multi-tasking skills are crucial
- Permission to work in mainland China

This is a fabulous opportunity to be part of an innovative start-up at the center of a data-driven paradigm shift in the Asset Management and FinTech industries.

COMPENSATION

- Base salary and bonus dependent on previous experience
- Two days study leave
- Two paid volunteering days

Applicants should be available immediately.

Please submit your cover letter and CV to hr@neudata.co
