

Neudata Research Intern

*This is a unique opportunity for an enthusiastic student or recent graduate to join a fast-growing Fintech firm for a 3-month fixed-term placement. To apply, please submit a CV and cover letter detailing your motivation for applying to the Neudata Internship Programme. **Applications without a cover letter will not be considered.***

COMPANY

Headquartered in London, with offices in NYC and Shanghai, Neudata is the only objective and neutral data scouting service that is dedicated to finding alpha-generating data for investment managers. In just four years, Neudata has grown to be the number one provider of data scouting services to investors globally, and is now gearing up to continue its rapid growth by launching new products, and entering new market segments and verticals.

Neudata's Software as a Service (SaaS) catalogue of 5000+ dataset reports provide tools for users to easily search, source, compare and manage the best global alternative data providers, while leveraging real-time insights from its team of expert research analysts based in London, New York and Shanghai.

JOB DESCRIPTION

As part of Neudata's Internship Programme, you will join our Research Team and assist in servicing our investment clients. Your role will primarily entail:

- Assisting our team of analysts to discover new, under the radar alternative datasets.
- Conducting in-depth research on alternative data providers and datasets.
- Assisting in the day-to-day maintenance of Neudata's research reports.
- Working with analysts to ensure quality and accuracy across our research reports.
- Helping to identify areas of improvement within the Research Team's processes, including areas for automation where appropriate.

Interns will also have the opportunity to gain exposure to some of the largest hedge funds and asset managers in the US, Europe, and Asia.

Occasionally, you will be required to assist in secondary tasks such as supporting the day-to-day activities of the Neudata Events and Sales Teams.

Upon the successful completion of the programme, interns can be offered the opportunity to join Neudata full-time as Research Analysts.

YOU SHOULD HAVE

- High level of literacy, numeracy, and attention to detail.
- Excellent at organization and multi-tasking.
- Ability to take the initiative on projects and independently deliver on deadlines.
- Comfortable working in a self-directed environment – a motivated self-starter.
- Familiarity with Microsoft Office, particularly in Word, PowerPoint, and Excel.
- Team player and an adaptable approach to work.

More than specific skills, we want to add someone to our team who has good common sense, energy, and a real desire to learn and make a difference amongst a team of seasoned and open-minded professionals. Independent, open, reliable, our new intern will be able to tailor the extent of the job in line with their capacities and energy.

COMPENSATION

- £1,333 per month.
- 20 days of paid leave pro rata.
- Flexible WFH and office-based work.

Applicants must be eligible to work in the UK, and should be available immediately or ASAP. Please submit your CV with a cover letter to hr@neudata.co.
