

POSITION POSTING – Product Manager

Location: London, UK.

This is a unique opportunity for a Product Manager / Project Manager with SaaS product management and aggressive user base acquisition experience to join a fast-growing Fintech firm.

To apply please submit your cover letter and CV to hr@neudata.co. Applications without a cover letter will not be considered.

COMPANY

Headquartered in London, with offices in NYC and Shanghai, FinTech firm Neudata is the only objective and neutral data scouting service that is dedicated to finding alpha-generating data for investment professionals. In just four years, Neudata has grown to be the number one provider of data scouting services to investors globally, and is now gearing up to continue its rapid growth by launching new products, and entering new market segments and verticals.

Neudata's Software as a Service (SaaS) catalogue of 5000+ dataset reports provide tools for users to easily search, source, compare and manage the best global alternative data providers, while leveraging real-time insights from its team of expert research analysts based in London, New York and Shanghai. Neudata has achieved a reputation for excellence and objectivity, powered by its independence from the data providers it covers (no revenue shares or commissions from the data vendors it covers).

JOB DESCRIPTION

As a Product Manager you will report to the CEO and work closely with the business to deliver innovative client facing technology to the alternative / big data ecosystem. This role requires you to have a strong background in project management and are able to successfully navigate stakeholders at all levels of the business to deliver innovative solutions.

ROLE RESPONSIBILITIES

- Lead business expansion projects across Neudata's alternative data ecosystem.
 - Coordinate new product creation across Neudata's sales, research and tech teams.
 - Leverage prior experience to contribute towards idea generation for new product lines.
 - Gather and prioritise product requirements.
 - Produce detailed specifications of product features.
 - Identify unmet needs among existing customers.
-

- Understand how customers use the Neudata platform and use this knowledge to drive increased customer engagement and satisfaction.
- The role reports to the CEO.

YOU SHOULD HAVE

- Experience of aggressive user base acquisition and growth.
- Product strategy experience and defining product features.
- Collecting product feedback from clients and prospects.
- Product development experience, partially or entirely at SaaS firm.
- Knowledge of big data ecosystem advantageous.
- Organized approach, capable of handling many projects with internal and external stakeholders.

COMPENSATION

- Competitive base salary and bonus.
- Paid study leave and volunteering days.
- Flexible WFH and office based work.
- Applicants must be already eligible to work in the UK.
- Please submit your CV with cover letter to HR@neudata.co
- Applicants should be available immediately or ASAP.

This is a fabulous opportunity to be part of an innovative start-up which is at the centre of a data-driven paradigm shift in the Asset Management and FinTech industries.
